CPS

Revolutionizing the Resident, Family and Staff Experience

Since 2019, Icon has been a proud preferred partner with Life Care Services and Central Purchasing Services

LCS COMMUNITIES PARTNER WITH ICON TO LEVERAGE:

Cost savings from eliminating disparate systems streamlining tech stacks and special CPS membership pricing

Software tools needed to optimize resident, family, and staff engagement and communication

Voice technology via in-room and community Alexa devices

Reporting capabilities and Smart Aging™ dashboards to inform programming and supplement marketing and sales initiatives

ICON SOLUTIONS INCLUDE

Calendar Central

Create a digital activity calendar and reduce time spent on calendar management by 80%.

Community Engagement

Accessible via app or web, the resident portal is a centralized place for community calendars, announcements, dining info and more.

Community Voice & View

Voice tech allows residents of all abilities to stay up to date on community information in a natural way. Alexa, what time is Tai Chi?

In-Room TV & Digital Signs

Ensure your community stakeholders are engaged and informed with eye-catching visuals. 80+ apps make building content easy.

Communication 360

Rely on Icon to easily send emergency and routine notifications to residents, families, and staff via text, email, phone call or dial-in line.

Family Engagement

Family members near and far stay connected and informed through one central point of communication; view info and collect feedback.

Enterprise Reporting

Gain valuable insights, streamline reporting processes, and make informed decisions with a centralized view of all your communities.

Employee Engagement & Management

Support and encourage employee satisfaction, retention and performance. The staff app is filled with info, awards and shoutouts.
