

Meet **Gia** Your Go Icon Assistant

Gia is the intelligent AI assistant built into Go Icon, designed to create a smarter, more connected community experience through simple, natural conversation.

Find what you're looking for in seconds.

Want to know what's for lunch, when the next exercise class starts, or if there are any new announcements? Simply ask Gia. Using natural voice or text conversations, Gia instantly provides the information you need, without searching through multiple screens or menus.

Complete everyday tasks with a simple request.

Making a dining reservation, signing up for an event, or submitting a work order is easier than ever. Just tell Gia what you'd like to do, and your personal assistant will guide you through the process and take care of the details for you.

Discover more about your community.

Gia helps you make the most of community life by recommending activities based on your interests, highlighting upcoming events, sharing important announcements, and connecting you with helpful community resources. It's a smarter, more personalized way to stay involved.

Gia is always learning and improving, but responses may not always be 100% accurate. The more you interact with Gia, the smarter she'll become!

Ask Gia
Here to help you.

Hello! How can I help you today?

Ask me about activities, dining, mail, or anything else in the community.

Try asking me:

- [What's on the dinner menu tonight?](#)
- [Show me today's activities](#)
- [Check my mail status](#)

Type your message...
